**TOP SECRET****WORKING PAPER**

IEG/OD-368/70  
19 November 1970

MEMORANDUM FOR: Chief, Operations Division, IEG <sup>U</sup>

THROUGH : Chief, Technical Planning Branch, OD/IEG

SUBJECT : [REDACTED]

25X1

1. As you know, NRO agreed to fund the entire [REDACTED] program. Mr. Lundahl's memo to [REDACTED] referred to this fact and there has of this date been no rebuttal.

25X1

25X1

2. Recently, within the past week and a half, [REDACTED] of NRO has denied stating NRO would fund the entire program. He says he doesn't know how we got the "impression" NPIC would not have to supply money for the program. If it was a false impression, six people got the same one, and that is expecting too much of coincidence.

25X1

3. The sixth floor has gotten wind of this turn of events. [REDACTED] called me on the gray this afternoon (19 November) to inquire about it. I told him the facts as I knew them. He suggested that the NPIC would probably only supply funding if [REDACTED] wrote another letter to Mr. Lundahl requesting this.

25X1

25X1

4. The amount of money NPIC would have to come up with is on the order of [REDACTED]. This would be used to cover costs of TDY and travel to Phoenix for training. [REDACTED] asked me for an estimate of costs and that is what I gave him.

25X1

5. Suggest we talk this over with [REDACTED]

IEG/OD/TPB-144/70  
23 November 1970

MEMORANDUM FOR: Chief, Operations Division, IEG *V*

THROUGH : Chief, Technical Planning Branch, OD *how*

SUBJECT :

25X1

1. Tuesday through Friday of this week (17-20 November) has been largely taken up with a meeting of the  working group. Because of space limitations and re-modeling activities at  I elected to hold the meeting at

25X1

25X1

25X1

25X1

3. The major purpose of this weeks meeting was to perform targeting, both domestic and Cuban, for the upcoming series of improved radar over-flights. We examined the list of candidate targets, determined the most important features of each from an intelligence standpoint, and plotted the most desireable aspect angle and depression angle. Photos and maps and collateral data for each target will be available at the time of exploitation next spring. NPIC and  are jointly engaged in this target folder preparation at this time.

25X1

4. In addition to targeting, questions relating to photogrammetric control were directed to the  representatives, (manufacturers of the equipment). Related to this was the expression of NPIC needs regarding film titling and data block information.

25X1

5. The training needs of NPIC were discussed with  who will be in charge of training for  They will be able to accommodate only six students per class because of space limitations.

IEG/OD/TPB-144/70

23 November 1970

25X1

SUBJECT: [REDACTED]

At this time, I plan to send six PIs to one class and six analysts and photogrammetrists to the second. The training classes will be two weeks in length each and will take place between January 15 and February 15, 1971.

25X1

25X1

Sometime during March, [REDACTED] will provide additional training if needed at their [REDACTED] facility. The size of that class could be as high as 15 if need be.

25X1

6. [REDACTED] of RADC were not official members of the working group. They are interested in the program as an extension of their work with RADC; the evaluation of radar systems, and hearing of the meeting taking place at A/R hurried down from Rome this morning (Friday, 20 November). Both of these people are highly experienced radar interpreters, and have been authorized (by their boss, [REDACTED]) to offer their services to the NPIC, free of charge, thru the rest of the fiscal year.

25X1

Before accepting their help, I want to check out their qualifications a little more, clear with [REDACTED] and get their offer in writing.

25X1

7. The next meeting of our group (which will have fewer members I hope) is slated for the week of 30 November-4 December. It will not last a whole week, probably only a day. The operational people, SR-71 and U-2R, will be with us at that time to discuss their problems relative to our targeting work.

25X1

8. Regarding the financial problems surfaced this week: [REDACTED] will get a letter to our management detailing costs to NPIC to take part in [REDACTED]. This should be signed by [REDACTED]. I hope some resistance, to our paying for part of this program, is aroused on the 6th floor.
